## **Extra Tips**

### **Freezers:**

- When moving within a metropolitan area, there is no need to empty your freezer.
- For interstate, international and long distance removals freezers should be emptied
- No responsibility is taken for items left in freezers or refrigerators

### **Refrigerators:**

- For ALL moves, remove everything from the refrigerator and ensure it has been defrosted.
- Remove and pack the shelves separately (we will do this if we are packing on your behalf).
- The electrical cord should be secured out of the way.

### **Wardrobes, Closets & Bedside Cabinets:**

- All furniture with doors and drawers are to be empty.
- Valuable and delicate items should be packed in our special cartons
